# Developing Health & Wellness Ministry through local churches

June 18<sup>th</sup>/19<sup>th</sup> 2019, Spurgeon's College, London

This event is for anyone wanting to explore how local churches and healthcare professionals can work together to address health issues in their local communities.

Come along and hear about how, through Parish nursing, churches of all denominations can work in partnership with health providers and voluntary agencies to address health issues in their locality. You will hear about some examples of successful partnerships in other parts of the UK and from some of the people delivering them. You will also find out about the practical issues and resources available to support both churches and nurses as they develop these missional initiatives.

- Date: Tuesday 18<sup>th</sup> June 2019, 8.30 am to 4.pm and Wednesday 19<sup>th</sup> June 8.30 am to 10.20 am
- Cost: £25.00 plus £2.00 lunch if required and booked in advance.
